

How come no water?

A dry day in the life of Kong-Kong & his family as they discover how precious water is.

Here are some water saving tips

- Repair leaks promptly to minimise wastage.
- Keep shower to under 5 minutes. When soaping, turn off tap.
- Use 'half-flush' button for liquid waste.
- Use a mug when brushing teeth.

Did you know...

Singapore uses about 430 million gallons per day (mgd), enough to fill 782 Olympic-sized swimming pools.

By 2060, NEWater and desalinated water will meet up to 85% of Singapore's water needs.

On average, a Singaporean uses about 148 litres of water per day, equivalent to 99 1.5-litre water bottles.
